HUMAN LABORATORY

TRUE QUALITY ONLY COMES WITH HUMAN ABILITY AND SOUL

There is still at least one thing that machines cannot replace: the human taste ability and man's soul. Meet Adriano Mantova, the man whose remarkable ability and experience in sampling raw olive oils, on a daily basis, from Italy and around the world, spans over 25 years and four generations, and is our secret key to creating premium olive oils.

COMPOSING TASTE SYMPHONY

Like a composer, who expresses his emotion by combining individual notes into a symphony, our family's tasters have specialized for four generations in composing great extra virgin olive oil by combining individual extra virgin olive oils into harmonious symphonies of taste.

Mantova's dedication to compose top quality extra virgins elevated the traditional Italian techniques into an art, aimed at pleasing your palates.

This is why when buying any of Mantova brands, Colle Monacesco, Mantova Golden, Italian Classic, Fior Fiore, Antica Abbazia, Olidi, grand'Aroma flavored olive oil, you are not simply buying olive oils, but rather its know-how in making fine tasting olive oils.
