# A FAMILY BUSINESS SINCE 1905

**The Mantova family** went into business in 1905 in the town of Broccostella, about 100km south of Rome. They began by trading a vast range of locally grown agricultural produce but soon started to specialize in the production and sale of olive oils.

Throughout the 1950's and the 1970's the second generation of the family mastered the processes involved in the selection and manufacture of extra virgin olive oils.

In the 1980's the third generation of the family were at the **forefront in marketing the finest olive oils and setting the bar for international standards**. This success has made Mantova one of **Italy's leading producers** of high quality olive oils and specialty condiments.

Today, the delicate craft of blending premium oils is entrusted to **Mr. Adriano Mantova**, whose remarkable skill is the result of the experience and passion accumulated across **four generations**.

Today, Compagnia Alimentare Italiana is still a family company and continues the tradition that began over one hundred years ago. A dynamic and reliable organization which is *“big enough to serve, small enough to care”*.

In recent years, the Company's on-going R&D efforts coupled with a close attention to consumer trends has led to the introduction of the revolutionary and exciting Sprayleggero range, winner of the Gulfood **“Best Innovative Product”** and Anuga's **“Most Innovative Italian Product”** award.
