

ROASTING COMPANY

ITALIAN TASTE AND QUALITY

From Marche Region

Ours is an artisanal and family roasting company born in Fabriano from which it takes its name, "Janus" (Latin derivation of Janus) is in fact the river that flows in this city.

We value this strong link with the Marche region

Whether coffee is drunk for an exciting morning awakening, as a break at work or as the conclusion of a meal, what matters to us is to add value to that moment, enriching it with a pleasant taste!
